# Expectations (Mail from the CEO of IWGA 04.08.2015)

*You know that we evaluate each single event and that some people only look at facts.*

*From the very beginning I want to avoid discussions where possible. Therefore we discussed with FAI the disciplines for an TWG Event against the background of **a program that is as stable, robust as possible for an outdoor and weather-affected sport.***

*Beside all other criteria, we always have to be aware that TWG will be a **show-case for not sport specific audience and for media.***

*If we cannot guarantee at a high level the program/schedule we fail from our (IWGA) side to promote you too.*
