

## Annual Report 2019

2019 the following 5 Flyers were produced:

### **1-2019 VTOL Model Aircraft – a New Class?**

VTOL require no or only a very short runway

*by Ludwig Retzbach*

### **2-2019 Four Steps to the Junior World Championships**

Young competitors need support

*by Emil Ch. Giezendanner*

### **3-2019 The Many Aspects of FAI RC Aerobatics**

Aerobatics with radio-controlled model aircraft is challenging in more ways than one

*by Emil Ch. Giezendanner, supported by Peter Uhlig*

### **4-2019 More Courage to Experiment**

Progress through trial and error

*by Emil Ch. Giezendanner*

### **5-2019 Let's start with little ones**

How can we encourage girls and boys to persevere with aeromodelling

*by Emil Ch. Giezendanner*

6-2019 Planned for the end of December

Thanks a lot to all our helpers and writers for your kind support and cooperation. You helped me to make CIAM Flyer 2019 versatile and interesting. I'm sure we will find again good writers and photographers in every class.

Thank you very much.

Emil Ch. Giezendanner
