FAI International Parachuting Commission (hereinafter IPC)
IPC Plenary Meeting 2016

Šárka Blašková, alternate delegate for Czech Republic

Introduction

I would like to suggest an adoption of the Formation Skydiving 8-way discipline into indoor skydiving events.

Suggestion

I suggest enabling tunnels with flight chamber of a diameter of at least 16 feet to include the Formation Skydiving 8-way discipline as a part of first category events in indoor skydiving.

Message from Craig Girard on this topic:

Hi Sarka,

I can't believe it hasn't been part of the indoor world championship. I believe it should be included! It has been part of the Paraclete indoor championship for years now. (...)

Sincerely,
 Craig

May I thank IPC in advance for including this letter into the agenda for the IPC Plenary Meeting in 2016 and discussing this issue.
