Lausanne, 10 March 2023

# FAI ANTI-DOPING PROGRAM 2022

The FAI's mission is to contribute to protecting clean athletes and the integrity of air sports through the fight against doping and implement actions in accordance with the requirements of the World Anti-Doping Code.

Five main areas:

1. **In- Competition and Out-of-Competition Testing** (coordination and guidance)
2. **Results Management** (follow up to doping control results)
3. **Education - Prevention of doping in Air Sports** (series of webinars and dedicated educational material at FAI website)
4. **Therapeutic Use Exemption** (approval to use banned substances in case of specific medical condition – FAI has its own TUE Panel composed by experts)
5. **Intelligence and Investigation** (established collaboration with WADA Accredited Laboratory in Cologne to evaluate Athletes Biological Passports)

## FAI SUMMARY FOR 2022

■ Fly Clean Webinars   ■ On side education   ■ Material sharing  
■ Social media campaign   ■ Online courses

## **AIM OF THE FLY CLEAN WEBINARS**

Is aimed at anyone in the air sports community, is providing a useful introduction to those negotiating the information and the expectations, as well as including values-based education for participants, to help promote and explain the values of respect and solidarity within the air sports community.

These webinar, first in a series of three in 2022, will be useful for coaches and athletes as well as their entourage, to learn what a commitment to 'fly clean' means for the individual and their team. It will also be a good opportunity for the parents of junior athletes to understand what clean sport means, when thinking about their children's future as a competitor

## **FLY CLEAN WEBINAR DATES 2022**

All webinars will be held online via Zoom.

- **Webinar 1** *“Introduction to Fly Clean”*
