In total 5 competitions were on the calendar, all 5 competitions were counted. The first competitions was held in Belgium, followed by Denmark, Netherlands, Switzerland and Spain.

World Cup competitions have only taken place in Europe.

No protests in any competition are known.

All participants were in possession of a FAI licence.

At all World Cups competitions three P schedules (preliminary) and two F schedules (final) should be flown. This was possible at all five competitions because of good weather conditions.

Conclusion

The F3C World Cup 2019 was again very successful. Because of the number of competitions the class F3C will take part at the World Cup awarding ceremony at the 2020 CIAM Plenary Meeting. The number of competing pilots was nearly the same as the year before. This kind of competition is still well accepted by the pilots and this is why we want to continue with F3C World Cups in 2020.

2. F3N

No F3N World Cups took place in 2019.

Conclusion

It is necessary to find organizers for F3N World Cups to keep this class interesting. Without any F3N competitions the number of pilots will decrease more and more.
