## Proposed Agenda item from the IPC President to amend SC5, 4.5

### Proposal for clarification of Event and Competition

#### Rationale:

There is a different understanding of the words „Event“ and „Competition“ especially, when it comes to the start and the end of either event and/or competition. To clarify and to have a simple explanation in the rules seems to be helpful.

#### Proposal:

Event“ describes the full set-up and everything which makes up the sporting event itself including the disciplines, schedules, infrastructure and personal in a given location.

„Competition“ is the sporting activity within the event, which has a published start and end.

While the use of daylight is in the hands of the Meet-Director, the start and the end of the competition must remain as published.

Insofar, a proposal to alter paragraph 4.5 of the SC 5.

~~RED and/or strike-through means DELETE~~

BLUE means new wording/addition

YELLOW means explanation
