CISM Parachuting Regulations 2016

Some few changes have been made (e.g. clarification of NV in FS one block changed)

New: A total of 2 Juniors (male and/or female) can be added in addition to the male and female team.

Unchanged: All Juniors will be ranked in junior classification (also those who are in the team) and also all juniors are ranked in in the general classification.

It is not possible to synchronize IPC and CISM rules completely (e.g. protest and jury procedures, team semi & final in accuracy instead of individual jumps)

CISM will not impose any additional technical and financial burden on the organizer (e.g. for AL a camera system that controls an electronic measurement system and/or supervises the judges' work)

The 2016 CISM Parachuting rules are available at <http://www.cismmil sport.org/portfolio/parachuting>

CISM parachuting judges

A Joint FAI & CISM beginner judges seminar in S&A and 4way FS as well as a CISM refresher evaluation was held in May 2015 in Pohang/ KOR.

CISM continues with the bi-annual refresher test for every judge and in the written test also includes questions on FAI Sporting Code in order to maintain the current standard of parachuting judges. The next CISM seminar will be held at 40th WMPC.

I want to thank IPC Judge Training Course Coordinator and the IPC Judges Committee for the continuous good cooperation.

Finally I want to thank all IPC officials for the good cooperation, and want to express my sincere gratitude to the supporters of the CISM Parachuting, namely Curt from Para Gear and Helmut from Cypres.
