4. Main documents (see cloud)
 - Annex 14.1_FAI World Air Games_Master Concept_V1.0
 - Annex 14.2_FAI WAG reference documents from General Conferences

ANTI-DOPING

- Dr. Geff McCarthy, CIMP Vice-President and Chair of FAI TUE Panel.
- The WADA Conference (taking place every 4 years the most important WADA meeting) is currently taking place in Poland – FAI represented.
- We have regular contacts with and representation at WADA, being close to their European office.
- The FAI Anti-Doping programme is running smoothly

- Focus on in-competition testing, because the risk assessment issued by FAI doctors sees a potential risk during events and not outside of competition.
- We still have a Registered Testing Pool (a pool of athletes tested out of competition) as it is a requirement from WADA as we are WADA Code signatory. But we managed to minimize this requirement to the lowest number
- Our daily focus is on reducing the burden on athletes while keeping the programme up to speed and on track

ANTI-DOPING

1. FAI contact

- Segolène Rouillon, antidoping@fai.org

2. Substantial additional information

- <https://www.fai.org/anti-doping>
- “The Fly Clean campaign”
- Testing methods
- Q & A
