Proposal to amend the procedure to assign the FAI Controller of FCE

At the IPC-Bureau mid-term meeting the matter of proposing the FAI-Controller was discussed within the IPC-Bureau with the result, to put the suggestion, that “the FAI Controller at an event should be from the Committee of that particular event discipline” to the Committee Chairs with the publication of the minutes of the mid-term meeting.

Following is a proposal to adjust the respective Part of the SC5.

Current wording 4.1.1.(2)

The organization of a FCE shall be controlled by a person appointed by the IPC (FAI Controller). This person shall not be from the organizer’s country. After consultation with the relevant Competition Committee(s) the IPC Bureau will nominate a FAI – Controller for approval by the IPC Plenary. This approval will be given at the same time the FCE receives approval. The FAI Controller’s duties, which will commence upon appointment, are listed in detail in the FAI Controller’s handbook.

The FAI Controller will not report to the IPC, unless issues have arisen that require consideration or a decision by the IPC at its next Plenary Meeting. If no report is required, the FAI Controller need only report, if considered necessary, to the Chair of the relevant Competition Committee.

Dr. Rainer EXI Hoenle
