Proposal: amendment to the IPC FCE Medal Policy

Respectfully submitted by the USA

Motion: to amend IPC FCE Medal Policy to allow Diplomas to be awarded, as follows:

Diplomas

Diplomas may be awarded to the 10 highest placing competitors (or highest 25%, whichever is less), with the agreement of the FAI Controller and Host, or as otherwise indicated in the Competition Rules for each discipline.

Commentary: The USA feels the award of diplomas should remain an option in the prizes and awards section of the CRs for each discipline, as a “may be awarded” option. Our competitors feel the diplomas have merit and are valuable to show to sponsors, if not diluted as an award for participation, but rather awarded to the 10 highest placing competitors (or highest 25%), whichever is less.
