

CIVL 2018 PLENARY – ANNEXE 23 E
BUREAU PROPOSAL – DURATION OF XC EVENTS

Issue and Discussion:

We have more than 200 XC competition. It is sometimes difficult to fit them properly in the calendar. Standardising the dates of our championships and test events would certainly help to schedule other competitions.

Our long experience in championships and test events shows that such standardising is possible.

Proposal:

Add to S7 Common

2.5.6 Duration of Championships

To help standardise competition schedules, it is recommended that cross-country opening ceremonies are scheduled on a Saturday and closing ceremonies on a Saturday (13 days later). In test events, it is recommended that opening ceremonies are scheduled on a Sunday and closing ceremonies on a Saturday (6 days later).
