

CIVL 2018 PLENARY – ANNEXE 23 K
BUREAU PROPOSAL – STEWARD’S STIPENDS

Issue and Discussion:

We are asking a lot from our Stewards, and we would like to ask even more, like controlling the registration requirements and procedures or the pilots’ eligibility to compete, etc.

We believe that the Steward position requires professional skills and as such should be better rewarded.

Current stipend for the job is €50 per day. We propose to double it.

Proposal:

Section 7A says:

11.1.6 Funding of Jury and Stewards

11.1.6.2 By CIVL

CIVL is responsible for payment to the steward at 1st Category events and authorised test events of €50 per scheduled competition day, up to a maximum of 16 days, including up to two days prior to the start if the event. These payments are to be made after a correctly completed expenses form is submitted to the FAI Secretariat and approved as required by current CIVL procedures.

Replace by:

11.1.6 Funding of Jury and Stewards

11.1.6.2 By CIVL

CIVL is responsible for payment to the steward at 1st Category events and authorised test events of **€100** per scheduled competition day, up to a maximum of 16 days, including up to two days prior to the start if the event. These payments are to be made after a correctly completed expenses form is submitted to the FAI Secretariat and approved as required by current CIVL procedures.
