**30 years after the first and only World Championship in France,  
we are inviting you for another top-level event  
in the heart of the French Northern Alps,  
in a pilot-friendly valley surrounded by the Pre-Alps  
that offer lower ranges of mountains to fly  
challenging but safe tasks  
and large fields to land.**

**Our headquarters will in the beautiful and relaxing  
Ferme des Gabelins, in Chamousset, Savoie.**

**Our team has been trusted many times by the PWCA  
to organise its events.**

**We will be even better with the help of  
the World Cup scorer and live-tracking manager  
and with the experience of our Meet Director, Didier Mathurin.**

**The French Federation FFVL will support this championship  
and make sure that from the test event to the closing ceremony  
this championship will be remembered as one of the best ever.**

### 3. Proposed dates of Championship

#### May 22 to June 5, 2021.

These dates are in line with the ones selected for the various PWC events that we organised. We know from experience that the weather is the best you can expect in our region at this time of the year. Also, this is outside holiday times, so there will be less free-flying pilots around and the competitors who have high-level professional activity during the summertime (training, tandem...) will not be penalised.

Here is a link to visualise a review of the weather conditions.

<https://www.historique-meteo.net/france/rh-ne-alpes/savoie/>

Here is the weather for the month of May during the last 10 years.

### 4. Competition allowing the organiser to bid

Air Évènement, under Philippe Roëa's responsibility, has organised many competitions with 100+ pilots, including:

- One PWC in May 2014
- One PWC in May 2017

Both events were a success, underlining the quality of organisation, the hospitality of the local people, the festive mood at the headquarters.

In 2019, we will organise one PWCA event in the same venue and with the same organisation that are planned for the World Championship. We thank PWCA for its trust and believe that the 2019 event will be a tremendous asset for a successful World Championship.

### 5. Local Organiser (LOC)

Air Évènement will be associated with the FFVL (French Federation of Free Flight). FFVL's professional technicians will help us make the championship a success in all aspects, during the championship, of course, but also during the 2 years leading to it.

FFVL, when backing up this major event, shows its willingness to serve our sport internationally at the highest level.

### 6. Sporting Power

The French Federation of Free Flight (FFVL) has delegated power from the French NAC: the Aeroclub de France.

### 7. Detailed Schedule of Championship

Official Registration: May 22

1st team leader meeting, mandatory safety briefing, opening ceremony: May 23

Official training day: May 24

Contest flying days: May 25 to June 5

Closing ceremony: June 5

#### Typical Daily schedule:

8:30 am – Opening headquarters and breakfast

8:45 am – Team leader meeting

8:45 am – Deadline for protests of the previous day

9:30 am – Transportation to take off

10:30 am – Task and safety committee meetings

11:00 am – The championship 'village' opens to the public

11:15 am – Pilots briefing

12:00 am – Take off window opens

4:00 pm – Scoring office opens  
6:00 pm – Landing deadline  
6:30 pm – Scoring office closes  
7:00 pm – Provisional results

## 8. Organiser, Directors and Key Officials

**Philippe Roéa – Event Director** Philippe is one of the paragliding personalities of the region and has good contacts with local authorities. To bring the public and the pilots together at the same place will be one of his main goals.

### **Didier Mathurin – Meet Director**

Didier is currently the French team, but will not be it if our bid is successful! Didier is also a very good pilot. He knows perfectly what pilots are expecting. His great experience will benefit the whole championship.

### **Pierre Naville – Safety Director**

Founder of *Les Passagers du Vent*, a training school with over 35 years of experience, Pierre organised many World Cup or international Open events in Haute-Savoie. He is a kind of an icon, passionate and with a friendly approach, always here to make our sport progress.

### **Ulrich Jessop – Scorer and live tracking**

A key actor of the PWCA, Ulrich is to this day the best in his field. When Philippe asked him to join the organisation, he agreed without hesitation.

### **Chris Trow – Safety and live-tracking**

Chris is the long-standing Ulrich's partner within the PWCA, making sure that live tracking is used at its best to insure added safety and retrieve for the pilots.

- Weatherman: to be appointed
- Transportation: Bernard Dupuis
- Take-off director: Patrick Rabut
- Landing director: Seb Moncenis
- Media and Partners relations: IAE Savoie Mont blanc
- Officials: Jean-Marc Canamela
- Volunteers coordination: William Roéa

## 9. CIVL Coordinator

The CIVL coordinator will be the CIVL president. If the bid is successful, the coordinator will be the CIVL steward as soon as nominated.

## 10. Pilots Entry

150 pilots are expected.

We describe in point 13 the different sites, the number of take off lines and the time needed for everybody to take off.

## 11. Entry Fee

- €450 per pilot
- €220 per team leader / assistant.

### Is included with this fee:

- Opening ceremony
- Colour bracelet
- Competition program
- Animations and evening program
- Turnpoint map
- Turnpoint list
- Goodies
- Tee shirt
- Chairlift, take-off shuttles and recovering shuttles
- Breakfast with coffee, tea or juice and pastry
- Lunch
- Access to the 3 evening parties
- Closing ceremony

Attention! Retrieval of pilots and gliders in trees or difficult zone is not included in the entry fee.

## 12. Test Event

From May 16 to 23, 2020.

Entry fee:

- €250 per pilot
- €110 per team leader / assistant

Is included with this fee:

- Opening ceremony
- Colour bracelet
- Competition program
- Animation and evening program
- Turnpoint map
- Turnpoint list
- Goodie
- Tee shirt
- Chairlift, take-off shuttles and recovering shuttles
- Breakfast with coffee, tea or juice and pastry
- Lunch
- Access to the 3 evening parties
- Closing ceremony

## 13. Launch sites

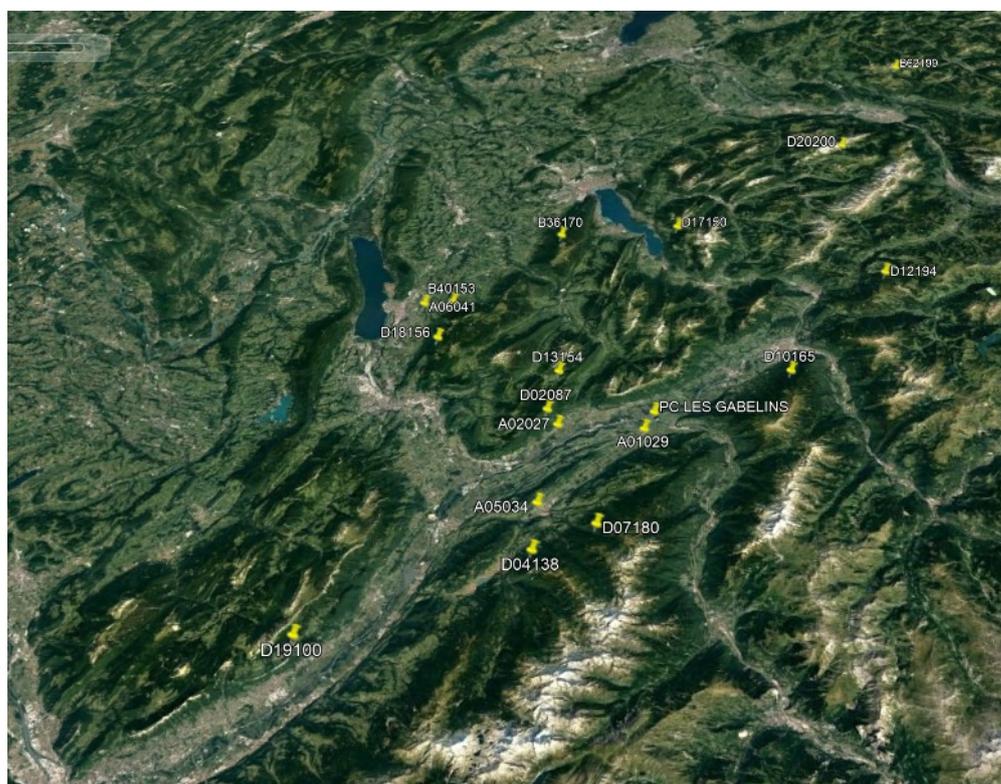

12 sites are available:

- Allon-le-Jeune (Mont Morbié)
- Montalambert – Saint-Jean-de-la-Porte
- Valpelouse
- Les Saisies – Signal de Bisanne
- Chalet de l’Ebaudiaz
- Le Revard
- Le Sire
- Montmin – La Forclaz
- Saint-Hilaire-du-Touvet
- Chamrousse
- Passy – Plaine-Joux

All sites are managed by the FFVL and/or its local representants.

- They offer 3 to 5 take off lines and drops from 620 to 1290 metres.
- All wind directions are covered.
- All are accessible to pilots and public by private car.
- All have dry toilets and tents as shade providers.

Local clubs will be informed about the championship and time slots secured for safe take-offs.

#### 14. Distance for access to launch sites

From the headquarters:

- 4 are 1 hour or less away
- 6 are between 1 and 1.5 hours away
- 2 are between 1.5 and 2 hours away

#### 15. Task flying area

The Savoie – Mont Blanc area is a beautiful playground for paragliding. Seven different mountain ranges around 2500m height surround the headquarters. Wide valleys allow the task committee different options according to the weather. Landing fields are everywhere for pilots who don't reach the goal. Retrieval is easy thanks to the many bus-friendly roads that crisscross the area. At the time of the championship, traffic is not busy like during the summer.

**Biodiversity is of concern.**

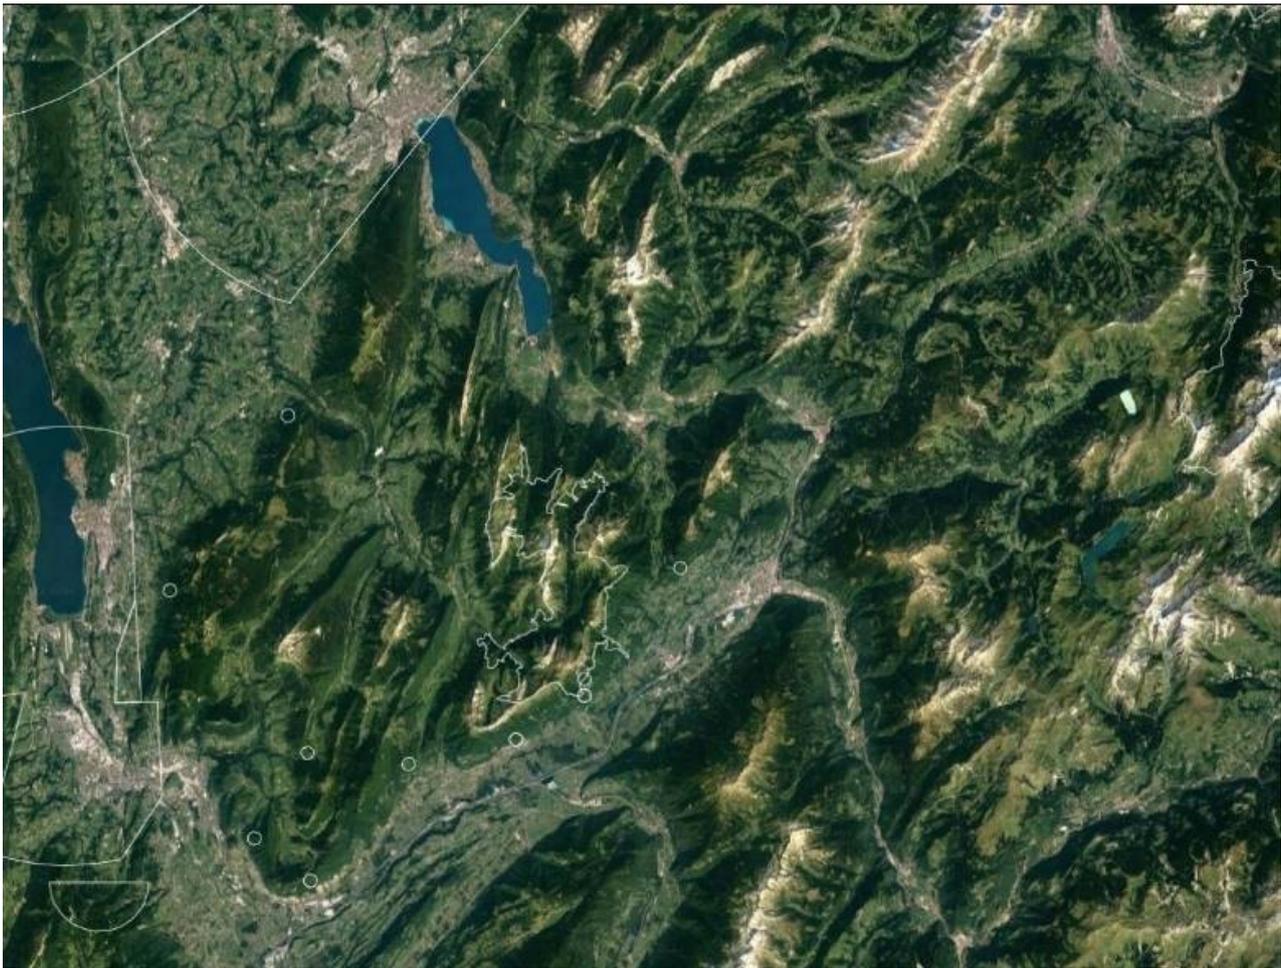

- We will work in partnership with the National Park of the Bauges.
- Flight over the RNCFS is forbidden.
- Sensible areas around the nests of the Peregrine falcon and the Golden Eagle will be protected.
- Pilots instruments will be able to show these areas thanks to the Open Air file.

**Power lines** will be clearly shown on the task board along the chosen task.

## 16. Airspace

The Open Air file and briefing map integrate all restricted areas.

## 17. Landing

It will be at headquarters, weather permitting.

Headquarters are very friendly for the pilots, public, adults and children alike. See points 26 and 36. A nice place to share!

## 18. Weather

In springtime, thermals are good in this area due to the difference in height between the valley floor and the top of the ranges. They are expected to be around 3 m/s.

Congestus or cumulonimbus are a possibility in the evening but are easy to predict when you know the area, and we do!

- NNW wind is a big help to trigger them.
- SSE wind gets us the foehn around the Italian border, but until now it never stopped us from flying a task.
- S wind is not common but we can deal with it and fly tasks in well-protected areas like:
  - Cœur de Savoie: good up to 40 km/h when it's impossible around Annecy or St-Hilaire-du-Touvet. Tactical and technical tasks.
  - Passy Plaine Joux: good with Mont Blanc as a protection. Nice task on Sallanches's valley.

Task time should be from 11:30 am to 3:00 pm, depending on weather conditions and take off site.

## 19. Meteorology

We will have a dedicated person to:

- Analyse the information available
- Explain the weather during the general safety briefing
- Prepare weather for each leaders' briefing
- Anticipate and explain the weather 5-day trends throughout the championship

## 20. Transport

We trust that it will also be one of the key successes of this event. We can easily move 180 persons at once.

All pilots will have the same opportunity to get ready for the task.

We will provide:

- 2 buses: 50 seats
- 10 shuttles: 9 seats
- 1 4x4 for the MD
- 1 4x4 for Rescue
- 1 extra truck for the gliders

## 21. Safety issues

Power lines will be clearly identified.

Briefings will underline all safety issues.

## 22. Rescue / Medical Services

One doctor and firemen on site to provide immediate and appropriate help.

3 helicopters available within 30 min wherever the take-off site is. This is a big touristic area, so helicopter can be trusted to do a good job.

## 23. Safety Management Plan

Air Évènement and FFVL have a long experience of management and use of safety and rescue issues: at the end of each event they organise, they hold meetings where feedbacks are analysed. This helps making future events safer.

### **Before the event:**

Safety information is sent to city hall, emergency stations, police stations and prefectures on a standardised form that has been used for many competitions including PWC.

### **Every day:**

- Task information sent to appropriate authorities (rescue and safety)
- Medical team and firemen at headquarters and take-off
- Radio always available
- Always someone at landing in contact with the Safety Director
- All vehicles have tracker, cellphone, emergency kit
- Retrieve people make sure that nobody is left behind

### **Live trackers**

CIVL will provide top-of-the-range live trackers.

### **In case of a crisis**

Will be provided, as per FFVL requirements:

- Dedicated room
- Dedicated director

- Dedicated committee
- Check list and protocol guide

All aspects to be covered: police, rescue, families, volunteers, drivers, public, media, social networks...

### Transmissions

3 radio frequencies in 143,xxx:

- Pilot and leader team
- Landing
- Safety

30+ cellphones dedicated to:

- Safety
- Bus
- Staff
- Officials...

4G cover available on most valleys. SIM card service can be provided (€10).

### 24. Liaison with Police, Military, public services

The event will be officially declared, liaising with:

- Environment organisations
- Communities
- Police Station
- Army

### 25. Insurance

Every pilot must have personal liability insurance.

Personal insurance for injury, repatriation and rescue are strongly recommended.

FFVL will provide temporary insurance at the cost to be defined later.

### 26. Event Headquarters

Ferme des Gabelins, Chamousset, 73390 Savoie - France. GPS: Lg. 6.225336 – Lat. 45,561433 - Alt. 294 m  
 Once a farm, La Ferme des Gabelins is today a haven of peace, beautifully restored and unique in the region. Located in the heart of Savoie, La Ferme des Gabelins enjoys an exceptional panorama on the farming environment and surrounding mountains: Arclusaz, Bauges, Lauzière and Belledonne ranges.

At headquarters, the main room is 600m<sup>2</sup> and offers 250 'sit down' places and 450 'standup' places. It can be divided in 3 rooms. Expected organisation:

- Briefing room: 400m<sup>2</sup>
- Register room: 40m<sup>2</sup>
- Results and live tracker: 56m<sup>2</sup>
- Team briefing: 80m<sup>2</sup>
- Paraglider check point: outside under a tent

We will have the internet:

- Ethernet for logistic
- WiFi for pilots

## 27. Local facilities

**Hotel:** <http://tourisme.coeurdesavoie.fr/fr/sitra/se-loger/hotels/> 60€ to €90 per night.

### 31. Customs and equipment importation

No information at this time.

### 32. Medals, etc.

As provided by CIVL.

### 33. Media coverage, merchandising, partners

For previous PWC events, we were on national TV (TF1, France TV) and regional TV (TV8 Mont Blanc, Montagne TV, TLM).

For this championship, a specific communication plan will be implemented.

- 'Flash Info' will be published up to 8 months before the event.
- Posters will be posted and information given to tourism offices.
- Media sponsors are SAVOIE MONTBLANC (TV), Dauphiné Libéré (daily paper) and France Bleu (radio).
- AirEvenementTV, a live channel, will cover the test event and the championship with daily broadcasts.
- Task of the day, live broadcast from the take-off, shots from onboard cameras ... will be shown on a giant screen at the headquarters and on the web. All video will be available to FAI for no charge.

## Our partners

### LES PARTENAIRES INSTITUTIONNELS

### LES PARTENAIRES SPORTIFS

### LES PARTENAIRES VOL LIBRE

### LES PARTENAIRES ENTREPRISES

Objet : Lettre de soutien

Cher Philippe,

La Fédération française de vol libre est fière d'apporter son soutien à la candidature de ta structure « Air Evènement » pour l'organisation du Championnat du monde de Parapente de Cross-Country en 2021.

Nous porterons ensemble le dossier devant la commission Internationale de vol libre.

Avec ses paysages magnifiques, le site « Cœur de Savoie » jouit d'une excellente réputation pour la pratique du parapente. Il bénéficie d'un environnement exceptionnel : de larges vallées au cœur des montagnes, et d'un savoir-faire incontesté dans l'organisation de manifestations de grande envergure.

Le parapente, l'une des activités les plus médiatiques du vol libre, offrirait donc à la France, avec ce championnat, un des grands évènements sportifs de l'année et un rayonnement toujours très apprécié sur la scène internationale.

Reçois, cher Philippe, ainsi que toute ton équipe, mes salutations cordiales et sportives.

Véronique Gensac  
Présidente de la FFVL.

Dear Philippe,

The French Federation of Free Flight is proud to bring its support for the candidacy of your structure " Air Evènement " for the organization of the World championship of Paragliding of Cross-country in 2021.

We shall carry together the file in front of the International committee of Hang gliding and Paragliding.

With its magnificent landscapes, the site " Coeur de Savoie " enjoys an excellent reputation for the practice of the paragliding. It benefits from an exceptional environment: of wide valleys in the heart of mountains, and an undisputed know-how in the organization of large-scale demonstrations.

The paragliding, one of the most media activities of the Free Flight, would thus offer in France, with this championship, one of the big sports events of the year and a brilliance always very appreciated on the international scene.

Receive, Dear Philippe, as well as all your team, my cordial and sports greetings.

Veronique Gensac  
President

Madame la Présidente,

Vous avez soumis le 14 septembre 2018 une demande de subvention relative à l'organisation d'un championnat du monde de parapente de distance en 2021.

Après étude de votre dossier par la direction des sports et présentation devant le comité technique mis en place dans le cadre de la nouvelle procédure d'instruction GESI 2018, j'ai l'honneur de vous informer que ce dernier a proposé de pré accorder une subvention pouvant aller jusqu'à 50 000€ dans le cas où la France obtiendrait l'organisation de cet événement.

Ce montant vous est communiqué à ce stade de façon indicative. Afin de formaliser cet engagement, une convention précisant les conditions de ce soutien vous sera adressée par mes services dans les meilleurs délais.

En cas d'attribution définitive de l'évènement, je vous saurais gré de transmettre à la direction des sports le budget prévisionnel et le dossier technique actualisés pour examen afin d'évaluer le montant effectif de la subvention qui pourra être engagée par l'Etat.

Dans l'attente, je vous prie d'agréer, Madame la Présidente, l'expression de ma considération distinguée.

Dear President,

On September 14th, 2018 we received an application for the subvention linked to the organisation of a Paragliding World Cup for 2021.

After the study of your application by the sport direction and the presentation of your project in front of the technique committee as being part of the new instruction procedure GESI 2018, I'm honored to inform you that the committee agreed on granting you a subvention which could reach €50,000 if France was to be chosen as the official organisers of this event. This amount of money is here mentioned for indicative purpose. In order to conclude on this engagement, a convention mentioning the support conditions will be sent to you by my services as soon as possible.

If you were chosen to organise this event, may you please send the projected budget to the sport direction and the up-to-date technique file so that it would be reviewed and therefore would be granted the effective amount of the subvention which will be engaged by the State.

We look forward to your response,

Sincerely yours,

Monsieur le Président,

J'ai bien reçu votre courrier dans lequel vous indiquez que la Fédération Française de Vol Libre se porte candidate au nom de la France, pour organiser les championnats du monde 2021 de parapente dans notre territoire Savoie Mont Blanc.

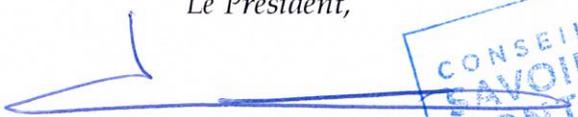

Le paysage, si divers en montagne, et notre territoire, si riche en sports de nature, offrent un terrain de jeu fantastique à tous les compétiteurs de Vol libre.

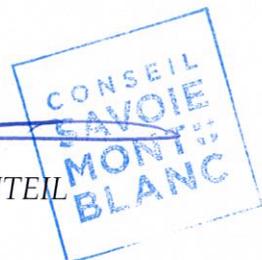

Vos expériences réussies en matière d'organisation d'épreuves de coupe du monde sur ce même territoire sont une vraie garantie pour votre candidature auprès du Comité International de Vol Libre. Ce championnat du monde 2021 de vol libre s'inscrirait pleinement dans cet esprit de démontrer le savoir-faire et l'accueil du territoire Savoie Mont Blanc, tout en renforçant son attractivité.

Vous pouvez compter sur notre engagement à vos côtés et c'est tout naturellement que le Conseil Savoie Mont Blanc apporte son soutien plein et entier à cette candidature.

Restant à votre disposition, et dans l'attente de la désignation de l'organisateur des championnats du monde, je vous prie de croire, Monsieur le Président, à l'assurance de mes sentiments les meilleurs.

Le Président,

  
Christian MONTEIL

Dear President,

I have received your mail where you mention the French Hang-Gliding Federation as applying in the name of France to organize the 2021 Paragliding World Cup in the territory of Savoie Mont Blanc.

The landscape, the numerous mountains, and our territory is rich in all kind of different natural sports and offer a vast playground to all the competitors of hang-gliding.

Your successful experiences as organisers of sets of World Cup on this very territory are a real guarantee for your application for the International Hang-gliding Committee. This 2021 Paragliding World Cup would deeply fit the idea of showing the know-how and welcoming power of the territory Savoie Mont Blanc as reinforcing its attractiveness.

We are deeply supporting your application and the Conseil Savoie Mont Blanc is naturally by your side today.

Being at your disposal, and waiting for you to be designated as the official organisers of the 2021 PARAGLIDING WORLD CUP, we offer you our very best wishes.

Yours faithfully,

Christian Monteil, President

Objet : Lettre de soutien à la candidature au championnat du monde de parapente.

Monsieur le Président,

J'ai bien reçu votre courrier dans lequel vous manifestez la volonté qu'a la Fédération de Vol Libre d'organiser en 2021 les championnats du monde de parapente.

Vous avez organisé en 2014 d'une main de maître la coupe du monde de vol libre ; celle-ci a été un grand succès et vous avez renouvelé cet exploit en mai 2017. Nul doute qu'il en sera de même en 2019. Vous avez mis à l'honneur la Combe de Savoie, et le site exceptionnel de la Ferme des Gabelins retenu comme base non seulement pour l'organisation mais aussi pour tous les atterrissages.

De Montmélian à Albertville, tous les habitants ont pu suivre à un moment ou à un autre de la journée sur fond de montagne les panaches de voiles multicolores.

Vous pouvez compter sur l'engagement de la Commune de Chamousset à vos côtés et c'est avec enthousiasme et fierté que nous vous apportons son soutien total à cette candidature.

Restant à votre écoute, je vous prie de croire Monsieur le Président, à l'assurance de mes sentiments les meilleurs.

Yannick Logerot,  
Maire,

Dear President,

We have taken into account your mail where the French Federation of Hang-Gliding expresses its wish to organize the 2021 Paragliding World Champion Cup.

You had brilliantly organized the 2014 hang-gliding world cup; it had been a great success and so was it on May 2017.

We deeply believe that it will be the same in 2019. You have highly celebrated the Combe de Savoie, and the exceptional site of the Ferme des Gabelins which became the base of the organisation and of all the landings.

From Montmélian to Albertville, all the inhabitants could admire at one point or another all the beautiful multicolored wings flying high in the mountain background.

You can be sure that the village of Chamousset will be on your side, and we will proudly provide you with support to your application.

We are therefore at your disposal, and we send you our best regards,

Yours faithfully,

Yannick Logerot  
Mayor of Chamousset

Objet : Lettre de soutien à la candidature au Championnat du Monde de Parapente 2021.

Le territoire Coeur de Savoie, situé entre Préalpes et Alpes, voit son ciel parcouru depuis plus de 40 ans par de grandes voiles colorées, nous renvoyant vers des moments de légèreté et de rêves.

L'aventure du vol libre a débuté en Coeur de Savoie dans les années 80 avec les premiers deltaplanes. Elle s'est poursuivie, naturellement, dans les années 90 avec l'apparition des premiers parapentes et l'organisation du vol libre autour d'associations, toujours plus dynamiques et volontaires.

A la fin des années 2000, les parties prenantes (les associations et élus locaux) ont décidé de lancer une étude d'opportunité et de développement du vol libre, conscientes de l'importance que pourrait jouer dans les années futures cette activité sur notre territoire.

Les passions, les rencontres mais aussi le travail ont permis d'aboutir en 2014 à l'organisation d'une 1<sup>ère</sup> manche de la Paragliding World Cup. Ce premier événement sportif, de dimension internationale, a été l'occasion de formidables rencontres humaines entre sportifs de haut niveau, parapentistes amateurs et habitants. Ce pari fou gagné a été vécu comme un moment exceptionnel, mais il n'était en fait que le début d'une formidable aventure...

« *Citius, Altius, Fortius* », le territoire a ainsi su rester mobilisé pour accueillir de nouvelles épreuves de la Coupe du Monde en 2017 puis en 2019, prouvant que l'ADN du vol libre s'est confondu avec celui de notre territoire. Le logo en en-tête de cette lettre est la plus belle preuve.

C'est donc avec fierté que le territoire Coeur de Savoie se mobilisera une fois de plus, tant d'un point de vue financier qu'organisationnel, pour que le CHAMPIONNAT DU MONDE DE PARAPENTE 2021 puisse se dérouler à nouveau en France.

Cette candidature est le fruit du travail et de la passion d'acteurs du territoire, symbolisée ici par Air événement mais aussi de la coopération de toutes les structures sportives et institutionnels.

Nous serons donc heureux d'accueillir, au printemps 2021, les équipes du monde entier, ainsi que les passionnés du vol libre qui seront sans nul doute, eux aussi, au rendez-vous.

Cette candidature se veut bien sûr respectueuse des valeurs portées par le développement durable. Air événement a su mobiliser, en effet, les ressources locales et impliquer un grand nombre d'acteurs parfois très loin du monde du vol libre.

Il est certain que l'accueil des Championnats du Monde de Parapente en Cœur de Savoie, ne sera pas seulement une grande manifestation sportive mais aussi une grande fête populaire.

Subject: Letter of support to the application to the 2021 Paragliding World Championship

The territory of Coeur de Savoie, situated between the preAlps and the Alps, sees its sky filled up for more than 40 years with big colorful wings, which makes us dream and feel light.

The hang-gliding adventure started in Coeur de Savoie in the 1980s with the first hang-gliders. It went on naturally, in the 90s with the first paragliders, and the organisation of hang-gliding through dynamic and willful associations.

At the end of 2000s, the responsible agents (associations and local representatives) decided to launch an opportunity and development study on hang-gliding, conscious of the importance it could play in the future of our activity on the territory.

Passion, encounter and also work could lead in 2014 to the organisation of a first set of the Paragliding World Cup. This first international sport event allowed many human encounters between professional athletes, everyday paragliders and inhabitants. This amazing bet was experienced as a great moment, and only was the first step of a wider adventure...

“Citius, Altius, Fortius” the territory remained engaged and welcomed the 2017 and 2019 World cup, showing that hang-gliding is deeply rooted in our territory as shows the logo of this very letter.

The territory of Coeur de Savoie will proudly stand up, from a financial and organisational point of view, so that the 2021 PARAGLIDING WORLD CUP will take place in France once again.

The application follows the work of passionate actors of the territory symbolized by “Air Evènement” but also thanks to the collaboration of all the sport and institutional facilities.

We will be happy to welcome, on Spring 2021, the teams from all around the world as much as all the passionate people who will, for sure, be there too.

This application is deeply respectful of the values of sustainable development. “Air Evènement” worked towards a green approach by using local resources and by implying local actors not belonging to the world of hang-gliding too.

There is no doubt that the Paragliding World Cup taking place in Coeur de Savoie will be a great sport event but also an amazing popular celebration.

Beatrice Santais  
President
