Curriculum/Camp Agenda – *Attach outline/details of the daily activities planned.*

Our Camp is built on youth for youth, trust and new friendships. We make living together in a community as much fun as possible during this week. We cook ourselves, make wood for our bonfires, sing together, teach each other workshops, help out and listen to each other.

1st Day - Arrival, Introduction games, Safety/ ballooning instructions, Social activities at the camp just as getting to know each other, building up trust from the first day

Cooking is a fun and social event in our camp - The camp starts with an International Dinner where every country can show their special food to share their culture. Every day our kitchen chef will prepare the healthy food with participants for breakfast, lunch and dinner (Most figure out how much fun cooking can be during their kitchen duty)

At least two days we will be staying at the campsite to do workshops that are taught from participants to participants. It depends on the skills of the participants each year, but here are examples of last year: Slackline, Juggling, Dance, Taekwando, Ultimate Frisbee, Baking, Creative Design, Improvisation Theater

Outside the camp activities(planned so far):

- Visit the Kubicek Balloons Factory + having a workshop at the factory
- Visit the new Kubicek Balloon Museum to learn about the historical first attempts on how to build a hot-air balloon in the early 80s
- Trip to the National Park “Chráněná krajinná oblast Žďárské vrchy” including activities in nature (Ex: swim in lake, hike a mountain, ...)
- Visit the Balonovy Hotel Radesin to taste a balloon burger in their balloon restaurant + invite the owner to our camp to talk about how he came up with the idea to open the first balloon hotel
- Exploring the city and citizens of “Brno” by doing a scavenger hunt that involves interaction with the citizens to facilitate “out of the box” experience

Most important, we fly hot air balloon in the morning and evening when our chief pilots and the weather will allow us!
