This will include searching for additional sources of income.
The Strategic Plan 2016
Greater Autonomy

The vision of IPC is autonomy within FAI to fulfill the goals of the IPC Strategic Plan.

IPC will:

- Call for greater self-governance and "freedom" for FAI ASC’s, including:
  - Rights to enter into contractual agreements, rights to pursue commercial opportunities with organizers, sponsors and other partners and full control of media rights to ASC sanctioned events.
  - Monies deposited by or for the ASC shall be available only as decided by the ASC use. Direct procedure for ASC to access it’s own funds needs to be implemented, while maintaining the level of accountability required by law.
