NIKOLA CVJETICANIN (65), now a retired clerk and a father of two adult daughters is one of the oldest and the most respectable spacemodellers in Serbia. His spacemodelling activity extends over more than 40 years. During his long and successful sporting career he was national champion, national team member, team coach of his Aero Club Zemun and very experienced international scale judge. He is, also, secretary of his Aero Club for more than 20 years and one of the main organizers of famous "Memorial Djordje Zigic", a free flight F1ABC World Cup competition with the longest tradition of over 40 years. He was a team member of Yugoslav national team that took second place in European Spacemodelling Championships in Bulgaria in 1991. After he completed his competition career he became the teacher of young spacemodellers and educated several hundred young spacemodellers in Serbia. He is also active in Serbian Spacemodelling Commission of the Serbian NAC, where he took care of education of spacemodelling judges for many years. He holds several important positions in Serbian NAC like member of the Supervisory Board. Since 2000 he is very active as the space models international scale judge. He was a member of Scale judging panel in World SM Championships in Sazena (SZE) in 2002, Deblin (POL) in 2004, Baikonur (KAZ) in 2006 and in Irig (SRB) in 2010. He judges also in European SM Championships in Sr. Mitrovica (SCG) in 2003and 2009, in Buzau (ROU) in 2005 and 2011 and in Kosice (SVK) in 2007. He is also a very popular designer and builder of scale models in classes S7 and S5C. He invented number of very important technical solutions and also instructed younger scale modelers so that Serbian space modelers in classes S5 and S7 were awarded with medals in European Championships in Kosice (SVK) in 2007 and in Irig (SRB) in 2009. Now he is working actively on best technical solutions for space models in class S5C with electronic altimeters. He is a holder of the "FAI Paul Tissandier Diploma" for 2011. .
