

FAI Electric Flight World Cup 2011

Report

Electric Flight World Cup events will be organised for the classes F5B-gliders and F5D- pylon racing model aircrafts during the years in which there are no World Championships, that means every two years.

This year we had five World Cup events in the F5B glider class with more than forty competitors of 11 countries. New was the World Cup Event in Japan.

Unfortunately we had again no World Cup competition in the F5D Pylon Racing class. This is not very motivating for the international F5D scene.

World Cup events in the F5B Glider Class:

14/15 May	Coppa Pratese	Prato ITA
3/4 June	Militky Cup	Pfäffikon SUI
11/12 June	Pannonia Cup	Oberpullendorf AUT
27/28 August	Trofeo citt'a Billa	Villanova Biellese ITA
7/8 October	FAI World Cup	Noda JPN

November 2011
