

# FÉDÉRATION AÉRONAUTIQUE INTERNATIONALE

AVIATION & SPACE EDUCATION COMMISSION CIEA  
COMMISSION D'EDUCATION AÉRONAUTIQUE ET SPATIALE DE LA FAI

2004 MEETING - 30 MARCH-1 APRIL

ANKARA, TURKEY

## THE CIEA RESPONSIBILITY WITHIN THE FAI

### I. STATED GOALS FROM THE FAI-CIEA 'GUIDE TO AVIATION AND SPACE EDUCATION'

- \* To create a greater public awareness and understanding of aviation and space activities and the benefit they offer. This is especially important for young people.
- \* To encourage increased participation in air sports as well as all of aviation.
- \* To promote international goodwill, cultural understanding and friendship through aviation related activities.

### II. Current role in practice and implementing activities

#### ROLE IN PRACTICE

1. Encourage the expansion of opportunities for young people to learn about and become involved with aviation and space related activities. This includes both in school and non-school activities.
2. Provide the means for an interface between the CIEA Delegates to advance the work of the CIEA. This in addition to sharing information which will assist them in advancing aviation and space education in their respective countries.
3. Sponsor such aviation and space education programs and activities as feasible for the benefit of young people and the public
4. Contribute support and assistance to FAI projects, other commissions and the Aero Clubs as needed and feasible.
