10. COMMUNICATION IMPROVEMENT BETWEEN THE SWISS FRENCH AND THE SWISS GERMANS

As a matter of fact, the Commission members are mainly French speaking. To improve Communications, we have now our website and all our documentation available in French and German.

This is the result of our survey :

PARTICIPATION PER AREA	TOTAL	GERMAN	ITALIAN	FRENCH
YES Flights	127	54 (42 %)	1 (1 %)	72 (57 %)
Art Contest	896	62 (7 %)	36 (4 %)	798 (89 %)
Airfields visit	950	0 (0 %)	834 (88 %)	116 (12 %)
School Optional Program	33	0 (0 %)	0 (0 %)	33 (100 %)
Flying day	450	0 (0 %)	0 (0 %)	450 (100 %)
TOTAL	2456	116 (4.7 %)	871 (35.5 %)	1469 (59.8 %)

A special effort will have to be made to improve Swiss German motivation to take part at the different projects.

11. FINANCES / PARTICIPATIONS

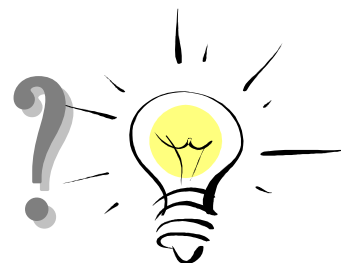

- a) It 2004, some 2500 youth did take part at one of our project. This represents more than 10 % of our Aeroclub Members.
- b) Voluntary helpers
To enable such program, we do need voluntary helpers, helping, teaching, taking care of our youth. Without their help, we wouldn't be able to conduct our programs successfully.
- c) Finances
The work made by the voluntary has a cost. We consider their help at, at least, CHF 50'000.— (real costs only).

The Budget of the Commission agreed and confirmed by the National bureau is of CHF 6'000.—. This is far too low for what we would like to do.

12. PERSPECTIVES 2005 – 2006

The Commission's perspectives are :

- Continuation and development of the on going activities, projects and programs.
- Launching of the Junior Club.
- Creation of a "Junior club News" Journal.
- Finding a press officer.
- Improving the lack of participation in the German and Italian Areas.
- Creating new Links and synergies,
- Search for new ideas, projects.
