The President’s Annual Report to the FAI General Conference is on the CIG webpage having previously been circulated to CIG delegates.
The President gave an overview of items discussed at Conference:

- The Organiser Agreement is being revised.
- The Sporting Licence database is now live on the website.
- There are 6 new expert groups appointed and reporting to the Executive Board named Safety, Regulation, Air Sport Facilities, Technology, Marketing and Communication and IT. Two technical groups for Airspace and Navigation have been formed.

- **Anti-Doping**
  The Executive Board required 5 Commissions to forward competitor’s names for inclusion into the testing programme. The Executive Board will select, at random from the list, names of competitors for testing.
  The President stated to Conference he believed doping was not a concern to the CIG.

  Robert Hughes explained the workings of dope testing informing the Commission that if FAI had not subscribed to Anti Doping some countries would not allow FAI world championship events to be held in their country.

  The President explained the formation of the Anti-Doping Commission stating we should forward a representative from CIG. He proposed Mr Jacques Berlo due to his experience as a pharmacist and an ‘expert’ on ‘substances’. This proposal was accepted by the Commission.

**CASI**

The President reported a decision had been made to amend the Appeal Section.

The President of CASI is to promote a discussion on the General Section.

The President explained that the Bureau had met with Giancarlo Sergi CEO of FAME. He explained how FAME was set up to market and promote air sports. He believed that our sport offered all the opportunities that his vision requires and that it could be easily marketed. He was currently working on a project involving 120 proposals. He would contact the Commission when he required technical input. In the meantime a video held by several members would be forwarded to him.

c. Protest in respect of Freestyle (Annex B)

Wolf-Dietrich Tesar spoke, referring to Annex B asking the question, why had the Austrian competitor been joint first when the Jury had recommended removal of the box infringement penalties.

The President explained as the Jury had been discharged and therefore no subsequent decision could be made by the Jury.

Irina Grushina explained that she had made a decision deciding two 1st places which she stands by as correct.

David Monks explained that Great Britain had requested a Jury hearing after the event Award Ceremony as their competitor Quentin Smith believed the 1st position to be his as declared by the Chief Judge prior to the prize giving only to be advised at the Bureau Meeting that the Jury had been discharged in Drakino. He commented that the Rules had not been correctly enforced stating that the 1st Austrian complaint had not been made with 2 hours of the published provisional results but some 12 hours later. In accordance with 3.16.1. the results of an International Sporting Event shall be final only when all protests have been dealt with by the Jury and the Jury has ceased its function. The final results must be made public before the prize giving is held. This rule was not complied with.

Irina Grushina proposed the CIG adopt the Championship Directors decision for 2 winners, the situation arose as a failing of the organiser and we should look forward to prevent this situation again.

Robert Hughes advised that the time for an appeal to CASI had passed.

The President concluded that the Commission had no powers to change the results. However the revised Rules must be made clear to ensure that no situation such as this arises again.

11. Bid for 15th World Helicopter Championship (Annex F)

The President advised there had been a bid for the 15th World Helicopter Championship. It was for 2014. If the commission were to consider holding the World Championships 2 yearly instead of 3 yearly there would need to be a secret vote.

Marcin Szamborski presented the Polish Bid.

Konrad Geißler asked at what stage are the finances for the event to be confirmed. Poland needs to hold a test event. Their Delegate explained that they intended to generate finance for the event thus they would like to change the proposed date of the championships to 2015 with a test event to be held during 2014.

Russia and Belgium offered their support to Poland.
Jacques Escaffre recommended the proposed airfield should not be handling commercial airlines due to the priority given to commercial traffic.
