

**National Report – Czech Republic**  
**Oldrich TRUSKA**  
**2013**

---

1. Since April 2012 we assess the professional and private pilots according European regulation 1178/2011 and since April 2013 we issue an European type of medical certificate according this regulation
2. The number in general aviation is similar to the previous years in the Czech Republic. In a chart I give you the overview of the fatal accident in aviation (military, civilian professional and private, parachutists and others).

YEAR	Military (aircraft/personnel)	Civilian (aircraft/personnel)
2003	1/1	12/16
2004	1/6	6/7
2005	0	8/12
2006	0	9/13
2007	0	13/17
2008	0	14/19
2009	1/1	9/13
2010	1/1	5/7
2011	0	11/14
2012	1/1	8/12
Total	5/10	95/130

Average number of fatalities was 14/year
