Mr.	Merlijn	Vincent	NED / CIAM	Delegate
Dr.	Al-Khayyat	Omar	QAT	Delegate
Mr.	Ananov	Sergey	RUS	Delegate
Mr.	Findahl	Per	SWE	Delegate
Mr.	Colling	Mike	GBR	Observer
Mr.	Zongg	Dieter	SUI	Observer
Mr.	Haggeney	Markus	FAI	FAI Secretary General
Mrs	Rouillon	Ségolène	FAI	FAI Head of Administration - EduC Coordinator

Mr Haggeney, FAI Secretary General, gave a quick update on the situation of FAI.

EduC President gave an introductory speech. See annex. He was pleased to see “new faces” as it shows an interest in the work of the commission and a commitment from the NACs. The current situation shows education and promotion are important and EduC should focus on that.

2 MINUTES OF LAST MEETING

Minutes of last meeting (in 2019 – 2020 meeting cancelled due to Covid situation) were unanimously approved.

3 HOW DO WE ENGAGE WITH THE NACS?

EduC President will revisit and update the list of recommended museums.

Regular online meetings will be organised.

Communication to EduC delegates will be expanded.

4 WEBSITE CONTENTS AND DESIGN

EduC President asked the delegates to have a look at the website and give any feedback.

EduC bureau will work on updating and extending the list of NAC projects like the Rookie project in the Netherlands, Youth Camps in Switzerland, etc...

5 ELECTIONS

Mr. Alan Twigg was unanimously re-elected as EduC President.

Mr. Roland was unanimously re-elected as EduC Deputy to President .

As no one volunteered to take over the position of Commission Secretary, this task will be shared by FAI EduC President and FAI Head of Administration.

6 YOUNG ARTISTS CONTEST, INCLUDING NEXT TOPIC

FAI Head of Administration informed the audience that drawings have been received to the Office from around 15 NACs. Because of the current situation preventing any physical meeting, the jury for the contest will be organised by the FAI Secretarita within the next weeks, as in 2020. Results will be published immediately afterwards.

Topic for 2021: Design your Perfect aircraft → FAI Head of Administration will liaise with Gordon Hoff to get the narrative text to attach to the theme.

7 IF NACS FAIL TO ENGAGE, IS THERE A WAY FORWARD FOR THE FAI EDUCATION COMMISSION?

The Commission has an objective to support FAI in a whole, mainly the NACs but also the other commissions. There will always be projects to develop in that direction, like organizing workshops online for that NACs, Commissions, Athletes, etc or at events like FAI World Championships and FAI World Air Games.

8 PROJECT PROPOSED BY CIAM (FAI AEROMODELLING COMMISSION)

Mr. Nerlijn presented the project on behalf of CIAM. He developed a very simple kit to allow anyone to fly a plane with less equipment. He is selling those planes all around the world. These planes could be easily used as a promotion tool on events.

9 NEXT MEETING

Online in 6 months to follow up on the various projects and to keep the delegates in the loop.
