- Air Sports and its self-organisation are developing and changing in some countries. This has effects on the existing structures, with the distribution of Sporting Powers sometimes being questioned.
- Air Sport Organisations outside Europe are growing.
- FAI Membership will expand.
4. International Relations
In another key milestone in the process of building Olympic Agenda 2020, a strategic roadmap for the future of the Olympic Movement, IOC President Thomas Bach today released the membership of the 14 Working Groups which will help frame some of the key recommendations. Each group will be made up of key stakeholders of the Olympic Movement, including IOC members, athletes and representatives of the International Federations and National Olympic Committees. As part of the ongoing open and inclusive process, a number of experts have also been included from civil society, including representatives of leading international organisations, NGOs and business organisations. The Working Groups will look at proposals made by the Olympic Movement, the world of sport and even by individual members of the public. Under discussion will be topics ranging from Ethics and Integrity, Risk Management, Good Governance and Autonomy and the planned Olympic TV Channel.
International World Games Association

WROCLAW (POLAND) HOST OF THE WORLD GAMES 2017

The city of Wroclaw in Poland was awarded to host The World Games 2017. The 10th edition of the multi-sport event will take part from 3 August to 13 August 2017. Wroclaw is the capital of Lower Silesian Voivodeship with more than 460,000 residents.

The President of the Wroclaw Organizing Committee - The World Games 2017 Limited - is Mr. Piotr Przewoźnik. In charge of all operational activities is the Chief Operations Officer Mrs. Naima Domagala.

IWGA President Jose Pueyo Lopez said about the host city: "We are happy to present our sports in Wroclaw in the summer of 2017 and we are sure that we will be offered optimal conditions for our sports men and women there." Wroclaw offers all prerequisites to stage an event like The World Games. This does not only refer to the required sporting venues and infrastructure. The city also has a record as a host of big sports events and can count on the support of the city administration, the Ministry of Sport and Tourism and the National Olympic Committee.

The Mayor Radosław Dąbiński sees the organization of The World Games as a good opportunity to present Wroclaw. "The World Games will be the biggest sporting event in Polish history, after the Euro 2012. We want to create an unforgettable legacy for future generations."
