

## **OLC – Specialist Report OLC Season 2007/2008**

*Axel Reich*

**January 16, 2009**

**Dear Friends,**

**the 2008 OLC – Year was used for finetuning of the OLC 2.0 and a further increasment of participating Pilots and Countries.**

**The modular Structure of the OLC 2.0 proved its advantage compared to the old software version. For example, it was easy to integrate without Problems additional Competitions with a separate set of rules.**

**Today the OLC offers:**

– **Worldwide Contest (OLC-Classic / OLC-Alps(Europe) / OLC-ParaHangGliding / FAI-OLC / BarronHiltonCup / BitterwasserCup (Europe)**

–

– **6 Continental Contest in Africa / Asia / Australia-Oceania / Europe / North America / South America**

–

– **37 National Contests**

–

**Namibia, South Africa, Israel, Japan, Australia, New Zealand, Austria, Belgium, Croatia, Czech Republic/Slovakia, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Luxembourg, Netherlands, Norway, Poland, Portugal, Russia, Serbia/Montenegro, Slovenia, Spain, Sweden, Switzerland, united Kingdom, USA, Argentina, Brazil, Chile, Colombia, Ecuador.**

**(All Contest are offered also for hang-/paragliding)**

**These national Contest were implemented either due to the fact, that a representative of a NAC asked the OLC Team or interested Pilots of these countries asked for it.**

– **Australia, Canada, Switzerland, Germany , Norway and the Italian Gliding Organization "FIVV" are running their official National decentralized Contest with their own independent rules on the OLC server.**

**Netherlands and USA are using the OLC with OLC rules for their National Contest.**

– **The following League's are implemented so far:**

**IGC-OLC League, Germany (First / Second / State), SSA-League USA, NL-League / South America League.**

**Without any doubt, the OLC is the dominating Platform for Cross-Country gliding in the World. To document the need for airspace, the traces of 100.000 igc-files out of the OLC archive are evaluated and visualized .**

### IGC-OLC World League 2008

This season, we see 1050 clubs on the sore sheet compared to 374 clubs last year !!, so the number almost trippled.

This was the effect of the change in 2008, that the limitation to 10 clubs per NAC per round was deleted. I still hope, that we will be able to connect the IGC-OLC League flights also with the other existing Online contests in the gliding world, like the French, British and Belgium Online Contests.

Congratulation to the teams on the podium:

[1. AC Langenselbold \( DE / HE \) 452 Points 5.631,87 km/h](#)

[2. Warner Springs Gliders \( US / R12: CA-S \) ,407 Points 5.236 km/h](#)

[3. Black Forest Soaring \( US / R9: AZ CO NM UT WY \) 399 Points 5.583,83 km/h](#)

To makes OLC flight claims possible in areas where Internet conection is not available, OLC PDA flight claims are available since November 2007 ([www.olg-pda.org](http://www.olg-pda.org)). This PDA interface makes it now possible , to claim a flight with with the help of a mobil phone. This new system proofed its capability during this years OLC winter season in Namibia / Soth Africa.

Also our US friends often complained about bad or non-existing Internet connection at remote airfields – this problem is now solved!!

The OLC – Team is open for new ideas and also prepared to integrated additional NAC's with their special needs.

The OLC- Team is completly voluntary, highly motivated and a non-profit organisation checked by local tax-authorities, which basicly is similar to a gliding club.

Glider Pilots devoting their time for Glider Pilots.
