

## **Year 2 Proposal 2008 Proposal – Annex A 5.4 CONTROL PROCEDURES**

This proposal by DAeC asks for an additional paragraph requiring all logger files of a competitor to be made available for evaluation on each (competition) day to the championship directors.

### **The Annex A Committee suggests that Annex A 5.4 is revised as follows:**

- f. Competitors must submit a Flight Log for evaluation on each Championship Day on which a launch was made, regardless of the outcome of the flight(s).
- g. The Organisers will accept a Flight Log from the backup FR in the event that the primary FR fails to provide satisfactory evidence of correctly fulfilling the task as claimed by the pilot. Additionally, the Championship Director may require submission of Flight Logs from all FRs carried, regardless of equipment failures.

This will ensure that a Flight Log will always be submitted when a launch has been made even if the task has not been attempted and it also gives the CD the right to require submission of the second FR at any time.
