

TECHNICAL & SAFETY COMMITTEE
INTERNATIONAL PARACHUTING COMMISSION (FAI)

<p>Technical & Safety Information Notice No.</p>	<p>02/2010 W.N. 29</p>
<p>Date of Issue</p>	<p>30 June 2010</p>
<p>Subject Matter and Applicability</p>	<p>FEDERATION FRANCAISE DE PARACHUTISME SAFETY CIRCULAR No. 181 Ref. JMD/0712 Issued 19 APRIL 2010</p> <p>SUBJECT: Recall of ARGUS cutters from the batch identified «JAN 2007».</p> <p>EQUIPMENT REFERENCE: Argus SIS manufactured between January 2007 and October 2007.</p> <p>BACKGROUND: Following a fatality in Poland, from the provisional report made by the authorities and from documents in our possession, it would appear that:</p> <ul style="list-style-type: none"> ▪ The student did not activate either the main or the reserve parachute ▪ The Argus fired but <ul style="list-style-type: none"> ➢ The cutter did not completely cut the reserve loop ➢ That the loop broke on impact <p>ACTIONS: Immediate application of the recommendations indicated in a communication from the Manufacturer (see below). Immediate return of all cutters corresponding to the batch identified «JAN 2007».</p> <p>QUALIFIED PERSONNEL: Drop Zone Technical Directors, Riggers, Tandem Instructors.</p> <p>COMMUNICATION FROM AVIACOM SA</p> <p>AVIACOM SA Wavre, April 8th 2010 <i>Following an incident that is currently under investigation and in an agreement between AVIACOM and the French Parachute Federation, AVIACOM SA requests that people using an ARGUS SIS to control the date of manufacture of it's cutter and if the batch is identified "JAN 2007", to return it for an exchange.</i></p> <p><i>AVIACOM indicates that 5% of each batch of cutters is tested for reliability and that, for the moment, nothing confirms any failure amongst them.</i></p> <p><i>Equipment concerned: ARGUS SIS manufactured between January 2007 and October 2007</i> <i>Procedure: visual check of the date of manufacture of the cutter</i> <i>Removal for exchange if the indication "JAN 2007" is observed.</i></p>

Compliance	Immediate and mandatory implementation before the next jump.

Technical and Safety Information Notices issued by the Technical & Safety Committee of the International Parachuting Commission (FAI) are issued as information and help to parachuting nations and their affiliated members. The Information Notices are of an objective informative nature and there is no direct or implied criticism of any manufacturer or product intended. The Information Notices do not claim to be complete.

The Information Notices may result from:-

- 1 An incident or experience in the field being reported.*
- 2 A directive or notice issued by an aviation or government authority concerning parachuting operations or parachuting equipment.*
- 3 The issue of a notice by a manufacturer or by a National Parachuting Organisation.
In the case of equipment being the subject of the bulletin the reader is advised to check with the manufacturer regarding the current status or position of that equipment.*

Technical & Safety Committee of IPC, IPC and FAI accept no liability for the use or misuse of any information contained in this Information Notice. The reader assumes all liability.

The Technical & Safety Committee, International Parachuting Commission, can be contacted on e-mail - lmcnulty@skydiveireland.ie
