3.1 WELCOME BY ACTING PRESIDENT

3.2 ROLL CALL OF DELEGATES

Apologies: See Above

3.3 REPORT FROM THE ACTING PRESIDENT

Presently, GMC is “Acting President”, because of the death of our elected FAI CIMP President Richard T. Garisson (memorising the past achievements and comradeship).

Problem of the sufficient presence of delegates at the CIMP. Discussions how to make CIMP more efficient. Try more personal contacts with delegates of different countries in conferences like ICASM, AsMA.
Decision discussed to organize the next FAI CIMP meeting in Paris, because of the large combined conference of ICASM, ECAM, AsMA in Paris.

We should invite optional delegates for FAI CIMP to attend this big meeting in Paris 2020.

Reminder: Each NAC should nominate a FAI CIMP delegate, and an alternate delegate.

3.4 NATIONAL REPORTS:

- MO (NED): Problem of implementation of EASA with LAPL. Strong discussion in the Board. We need more data: proposition to collect all the publications of Peter Saundby in order to deliver statistic data. Diabetics with insulin are authorized for LAPL.

- HG & JK (GER): Statistics of accidents

- DB (GBR): Considerations of work with GP and AME’s, with proposition of Med-Class 4

- ML (FIN): National problem of EASA and gliders. Any accidents without fatalities, probably due to improvement of safety

- BS (AUT): special medical meeting, considerations about particular accident in the mountains, implementation of EMPIC in Austria

- SJ (CZE): 66 accidents with 6 fatalities and special considerations in link with this accidents

- HL (SWE): brainstorming about future of aviation and risk of declining community
