

S10 log – changes to 2011 edition

Section 10 main body

1. Annex 2, re-numbered from 2.3.13 to 2.3.19 to correct error.
2. 4.29.3, changed microlight proportions from 50/20/30 to 55/30/15.
3. 4.3.3 added text “and at least one task of each type (navigation, economy, precision) has been valid.
4. 4.29.2 changed to “The tasks to be used shall be chosen from the Task Catalogue defined by the Director, based on the Master Task Catalogue, S10 A4. The Task Catalogue shall be approved by CIMA and precisely set out in the local regulations together with the method of scoring.
5. 4.34.4 added “In the case of an electronic score publishing system, the director's signature won't be necessary as long as the publishing system is directly managed by the director and his scoring team.
6. 4.34.20 added “The track logs used to score a task should be made available to all competitors as soon as possible”
7. 5.2.1 changed ‘450 kg’ to ‘472.5 kg’.

Annex 3

8. 2.3.4 Changed to “The maximum score will be between 500 and 1500 points per task.
9. 2.1.3 added 2.1.3.1 and 2.1.3.2, including “Weighing equipment shall be made available to competitors during the practice period” and “Any competitor attempting to start a task overweight will be disqualified from that task.”

Annex 4

10. Added “Where 2m Pylons are defined in tasks, at the discretion of the Competition Director these may be replaced by 12m (+- 1m) inflatable pylons.”
11. 2.C1 and 2.C3 changed score, adding 'hypothetical' and '350'.
12. 3.C5, 3.C6, 3.C7, 3.C9 and 3.C10 scores changed.
13. Addition of 'Paraball' at 3.C12 - extensive re-write of suggested wording.

General

14. Changed the FAI address on S10 and also on A3 and A4.
