

FAI-World Cup F3B 2015

The FAI-World Cup F3B 2015 has been finished with the “40th Oktoberfestpokal” in Munich. We had 14 competitions in the FAI-calendar; unfortunately the competition in Örebro/SWE could not be counted because only Swedish competitors took part; the competition in Mendoes/POR was cancelled by the organizer because of little interest.

With 213 senior-and 5 junior-pilots from 20 nations the FAI-World Cup F3B 2015 was again an outstanding series of competitions.

I say thanks to all organizers and their helpers for their engagement.

Additional many thanks also to Karl Hinsch and Uwe Schlaffke-Mowinkel for the quick evaluation and publication of the results on F3B.de and on the FAI-homepage.

Presenting the results of the FAI-World Cup competitions we have an outstanding quality compared to other competition series; normally the best 10 pilots of a competition are published Sunday evening after the competition.

The actualization of the overall results is mostly finished Monday morning that the pilots and all interested people can see the actual standings promptly.

The World Cup Trophies are not handed out by the FAI; these trophies are generated on private initiative.

Therefore I will take the opportunity to thank all our sponsors:

- Carbon-Werke Weißgerber GmbH & Co.KG
- Christian Fiedler “CAD CAM”, milling of the socles
- Thomas Rößner “Solidtech”, extruding the models
- Gerhard Köberlein, painting the models
- Reinhard Liese, modification of the globes

After 12 counted competitions the FAI-trophies were handed to

From the left:

Andreas Herrig/GER (2nd); Jens Buchert/GER (1st); Lucas Günter /GER (3rd)

These pilots are additionally honored during the FAI/CIAM „Spring Meeting“ in Lausanne next year. 2016 we expect the same number of FAI-World Cup competitions than this year.

The preliminary time table will be published in the near future.
