

2018 Interim Bureau Decisions

DATE	IBD No.	SUBJECT	DECISION
3/6 /2108	2018/11	<p>The Organiser of the 2nd FAI World Wingsuit Flying Championships became aware of the potential impact of the rule change introduced at the last Plenary (CR 5.3.1.) The rule change allows for one full day for training and two training jumps instead of one. This change, of which he had not been informed, would impact the organisation of the competition both financially as well as the schedule and was not in line with the accepted bid based on the old rules.</p>	<p>With agreement from the Wingsuit Committee, the bureau decided that the rule concerning the one whole day to be set aside for training jumps would not be implemented this year. The extra training jump would be offered to competitors if time permits but was not included in the entry fee and would have to be paid for separately. CR 5.3.2 and 5.3.3 still apply and this situation is considered as "other circumstances" and will not be grounds for a protest.</p>
