

2018 Interim Bureau Decisions

DATE	IBD No.	SUBJECT	DECISION
14/9 /2108	2018/17	Upon taking up his position as FAI Controller, Mark Szulmayer brought to the attention of the bureau the fact that in several disciplines there were only two entrants: D2W Junior and D4W Open. In other events there were only three NACS but more entrants due to the fact that multiple entrants per country were allowed.	After some verification, the bureau decided the following: As per SC5, the events with 3 NACs were to be maintained with only the title WINNER awarded with no mention of World Cup. The two other disciplines were to be cancelled, the 2 Junior D2W teams were to be offered to participate in the Open event. Any irrecoverable expenses incurred by the cancelled team (potentially only the Spanish team was affected by this decision and possibly the Junior D2W teams – the French team being composed of the 2 x D2W teams) would be considered for reimbursement.
