

## 2018 Interim Bureau Decisions

DATE	IBD No.	SUBJECT	DECISION
28/11 /2108	2018/20	<p>At the time of ordering the FAI medals for the upcoming Indoor World Championships 2019, France brought to our attention the fact that the Indoor Solo Freestyle competition rules do not have a Junior category in spite of it having been a regular event since 2015.</p> <p>On investigation it appears that this category had never been included in the rules. France asked for a position from the IPC to enable them to place the medal order with the FAI to meet the deadline of November 26<sup>th</sup>.</p>	<p>The IPC Bureau decided to approve a Junior Solo Freestyle category with immediate effect and this will be valid at least until the next Indoor World Championships.</p> <p>The IPC Plenary can then either confirm this decision or decide another solution but, in that case, it would only come into effect AFTER the next World Championships to be held in Lille France in April 2019. The AE Committee will be asked to review the rules accordingly.</p>
