### DYNAMIC COMMITTEE MEMBERS:

FLAAT Haavard	Member	Belgium
KIGER Domitille	Member	France

### KEY CHALLENGES

We identify three challenges for the next couple of years:

- 1) Make sure that competent individuals from countries that do not offer a National judge rating can still join the ISC judges course (see Section 5 proposal annex ).
- 2) Make sure the panel of judges have the required training before every competition. We are currently working on making an online training platform for judges.
- 3) Keep developing the divepool in order to make it interesting for competitors as well as spectators.

### FUTURE COMPETITIONS

4<sup>th</sup> FAI World Championships of Indoor Skydiving, Slovakia 2021  
4<sup>th</sup> FAI World Cup of Indoor Skydiving and 2<sup>nd</sup> European Indoor Skydiving Championships, Charleroi, Belgium, 2022.

### RULE CHANGES DYNAMIC

- Section 5 proposal, see annex
- Housekeeping: Remove 5.4 Order of Routines. This is already defined in the Tournament Bracket referred to in 5.7.1

### BUDGET 2021

We did not spend the budget for 2020 (1000€). For 2021 we foresee some costs associated with producing an online platform for training judges, and also filming a new divepool. We ask to have the budget from 2020 transferred to 2021 (1000€).

Thank you to the members of the Committee for all your hard work.
