CHIEF JUDGE'S STANDARD REPORT

Competition:	3th FAI World Championship Wingsuit Flying 2020
Event:	Wingsuit Acrobatic and Performance
Place:	Tanay, Russia
Date:	August 15 – 21, 2021
Panel of Judges:	Bert Ham, CJ Vera Asquith (Performance EJ), Mike Pennock (Acrobatic EJ), Benard Nicolas, Yves Letourneur, Scott Calentine
Equipment Used:	Acrobatic; FlyContest: Performance; Skyderby; SMD: FlySights Skyderby work perfectly for Performance and no issues are detected. FlyContest was suffering big performance issues. The functionality was good.
Details of the Judges Work: <i>(including judging statistics)</i>	This small Team of Judges, we lost 2 judges because of covid restrictions, worked very well as a team, performed their work with great efficiency and attention to detail. The performance issues of FlyContest made the work of the judges very hard and stressful, but with great dedication they made it work. All are to be congratulated. Acrobatic 56 jumps (2 rejumps), 6 training jumps Performance 308 jumps (including 2 rejumps, altitude)
Recommendations for Organisers:	The Scoring system incl dubbing station must be ready for training day or earlier. The meet director position is very important for Wingsuit Flying, special thanks to Ivan, without his expertise the meet director would not be able to run this competition. Exit altitude is very strict for Wingsuit Flying, close communication to the pilots is needed.
Rule Changes Proposals:	The TSD cannot also be a competitor. In the Acro rules is a Maximum altitude defined, we need to clarify and adjust this maximum.

72nd FAI/ISC PLENARY MEETING, BUCHAREST, ROMANIA, 28-30 JANUARY 2022

SUBJECT:	Chief Judge Report – 3 rd FAI World Championship of Wingsuit Flying, 2021, Mondial 2020	AGENDA #	18.1
AUTHOR:	Bert Ham, CJ Wingsuit Flying		
DATE:	28 August 2021	PAGES:	2

Personal remarks:	<p>Special thanks to Aliya, Margriet, Ivan (WS Meet Director), Mike (FlyContest) Aleksandr (Skyderby) and the volunteers. They all worked very hard to make this competition possible.</p> <p>Running the competition with Acro and Performance parallel is very difficult for the judges, it would be better to separate the events or add 1 Judge to run the events parallel. Helpers are needed and a great addition.</p> <p>Before we use FlyContest the next time the infrastructure must be tested before the competition starts. After the competition was finished a test was done and the detected issues were solved during this test.</p>
--------------------------	--

According to Sporting Code Section 5, 6.9.1 (11) this is to be sent to the Chair of the Judges Committee and the ISC Technical Secretary within 30 days of the competition completion.
