Important! Course instructors need request materials more than 4 weeks before their course so materials may be provided on time! These files are large. Even though recent competitions can now be made available via internet download (with lower resolution videos), a strong internet connection is required for a course instructor to be able to download competitions in a timely manner.

2021 ISC Judge Video Librarian Expenses:

\$12.00 USD - February 11, 2021 - One-month WeTransfer

\$120.00 USD - March 13, 2021 - One-year WeTransfer

\$8.80 USD - July 24, 2021 (Postage) - ship FAI/ISC "shuttle" hard drive to Jami Pillasch for acquiring 2020 Mondial data.

\$8.42 USD - August 23, 2021 (Postage) - reimburse Jami Pillasch for return shipping of FAI/ISC "shuttle" hard drive with 2020 Mondial data.

Discussion Points for 2021:

There are some discussion points still outstanding from previous years' ISC Judge Video Librarian Reports, including:

- 1) inclusion of music in the videos (and resolution to copyright issues) for those routines performed to music, and
- 2) archive of Competition and Performance records. The ISC Library still does not have any media or documentation of Competition and Performance records.

Conclusion

Competition videos, data and pertinent documents are essential for developing judge skills and improving scoring systems as well as for competitors and future competitors to develop their skills. These materials are "reliably" available through the ISC Judge Video Library. And we want to preserve history.

I thank you for your time to read my report.
