

# ISC JURY NOTICE

Title & Location of Competition	
4th FAI WORLD CHAMPIONSHIPS OF INDOOR SKYDIVING, TATRALANDIA, SLOVAKIA	
ISC Jury Meeting No: 4	
Time and Date:	19 April 2023 ****h 16.00
Subject:	Jury Decision
Present:	Mike Pennock – Jury President Natasha Higman - Jury Member Robert Bodo – Meet Director Rina Gallo – Chief Judge Formation Skydiving David Petracco – Chief Judge Dynamic Silvia Wagner – Chief Judge Artistic Events Ron Miasnikov – FAI Controller Daniel Rataj – Tunnel CEO Olga Danielova – Assistant to the Chief Judges
<b>Details:</b> The delays in flight times in advance of the opening ceremony meant that some DY teams and freestyle flyers were unable to complete their scheduled official training before the proposed opening ceremony time. Delaying the opening ceremony to ensure all competitors had completed their official training, would create a significant delay to all competitors, including those expected to perform at 8 am on the first competition day (Formation Skydiving). To balance the requirement for a timely opening ceremony and permitting teams to complete their official training the freestyle and DY competitors affected were consulted and they agreed to complete their official training later in the evening after the opening ceremony, before any publication of the DY draw.	
<b>Decision:</b> Permit those freestyle competitors and DY teams who have not been able to complete their official training to fly in the tunnel after the opening ceremony. Delay the publication draw for DY until 8 am 20 <sup>th</sup> April which provides teams with the time between draw and flight as required by the competition rules.
