Members of USPA are covered by third-party property damage and third-party bodily injury liability insurance according to terms and conditions of the policy while the member is jumping at a drop zone. Coverage is valid worldwide for members who are permanently domiciled in the US or Canada and foreign members when skydiving in the US or Canada, provided all claims and suits are brought in the US or Canada. For more information visit: uspa.org/insurance

2.11 **INDIVIDUAL INSURANCE**

Note: Pricing has been established in accordance with current ISC rules, taking into consideration factors such as the number of rounds and judging panel requirements, as well as past calculations of overall event expenses. The cost of lift tickets has been determined based off a $4 per gallon rate. Every 60 cents above this will result in a $1 increase in lift ticket pricing. All expenses that are not covered by the entry fee are the responsibility of the delegation. Additional practice jumps, re-jumps and tie-break jumps will be at standard ticket prices, determined by market value on the day of competition. Should there be any alterations in the rules, resulting in an augmented cost for the organizer, the organizer retains the authority to modify the pricing. In such an instance, the ISC will be promptly notified, and the changes will be outlined in Bulletin 1.
