<b>Equipment Used:</b>	FlySight as SMD and SkyDerby as Scoring Software;
<b>Details of the Judges Work:</b> <i>(including judging statistics)</i>	The Judges worked very well as a team. We had weather conditions (Hot and high humidity) that were tough, but even under these conditions they all worked hard and concentrated. All are to be congratulated.  248 jumps in Competition (no rejumps) 31 competitors.
<b>Recommendations for Organisers:</b>	A very well organized competition. A big thank you to Martin and Theresa for all their effort and also for the staff. Under these conditions AC would have been nice in the hotel rooms.
<b>Rule Changes Proposals:</b>	None
<b>Personal remarks:</b>	It took a while before the results were posted on the ISC results website. It needed a lot of effort from Fay, Aleksandr, Michael and Jan. Thanks to all! In Skyderby and on the ISC Results site the results for teams are only displayed as total result. We need also the results per round. Thank you Arnold for helping with the detailed team scores. I notified Aleksandr from SkyDerby that this is missing. A big thank you to Aleksandr for letting us use Skyderby ! It would be nice if we could digitally sign the results so no need to print-sign-scan-upload. On the website from results.worldskydiving.org we can see the nation by its flag. Can we also get the IOC code to it. When scanning in black and white it is hard to see the country.
