

F5 – Electric Technical (Safety) Notice

Revision for Early Implementation

It was agreed at the recent CIAM Plenary Meeting that the following amended rule in the Sporting Code Volume F5 – Electric, which is a **SAFETY** consideration, will be effective from the 15th May 2019 and will be in force for all remaining 2019 FAI competitions.

F5J – RC Electric Powered Thermal Duration Gliders

5.5.11.10. Launching

Modify sub-paragraph d) as shown below:

This rule is effective
from **15th May 2019.**

~~d) Unless otherwise specified by the Contest Director, models must be launched within four (4) metres of the competitor's launch/landing spot. An attempt is annulled and recorded as zero, if the model aircraft is not launched within the above specified distance.~~ **Model must be launched inside the access corridor not more than two (2) metres from starting position mark (number) at general direction of the launch line of the access corridor.** An attempt is annulled and recorded as zero, if the model aircraft is not launched within the above specified distance.
